

## DR SPEAKER 225

Trade name **DR SPEAKER 225**  
 Type **Speaker cable**  
 Size **2,5mm<sup>2</sup> x 2C**  
 Document # **F001 -091217**

### COMPOSITION

|              |                         |                         |
|--------------|-------------------------|-------------------------|
| Construction | 2,5mm <sup>2</sup> x 2C |                         |
| Conductor    | AWG/Cross Sec. Area     | 13/2,50 mm <sup>2</sup> |
|              | Material                | Bare Copper OFC         |
|              | Construction            | 140/0,15±0,008 mm       |
| Insulation   | Std. Thickness          | 0,4 mm                  |
|              | Min. Thickness          | 0,34 mm                 |
|              | Diameter                | 2,85±0,05 mm            |
|              | Material                | PVC                     |
|              | Color                   | BLACK / RED             |
| Inner Jacket | Diameter                | 6,05±0,15 mm            |
|              | Material                | PVC                     |
|              | Color                   | BLACK                   |
| Jacket       | Std. Thickness          | 0,90 mm                 |
|              | Overall diameter        | 7,85±0,15 mm            |
|              | Material                | PVC                     |
|              | Color                   | BLACK                   |

### ELECTRICAL & PHYSICAL PROPERTIES

|                      |                                                  |
|----------------------|--------------------------------------------------|
| Conductor resistance | 7,33 Ω/km @20°C max.                             |
| Temperature Rating   | -30°C ~ +80°C                                    |
| Cold bend test       | 18±3 seconds for six turns at -30,0°C±2,0°C / 4h |
| Test Voltage         | ---                                              |
